INFINITY CHRONICLE

EDITION 8 – AUTUMN 2022

KB INFINITY SUPPORT

DIRECTOR'S DIGEST

Welcome to the latest edition of the KB Infinity Chronicle.

After a whirlwind and at times difficult 2021, I am pleased to say 2022 has brought some much needed calmness and normality back to our lives and most importantly that of our participants.

Last year ended with the extreme difficulties of losing staff, that were not only extremely valued by me, but also loved very much by the participants they supported.

After countless hours and sleepless nights wondering how we could replace not only so good, but also so many staff, we have finally managed to hire an almost new team of people that have hit the ground running and made an amazing difference to the participants.

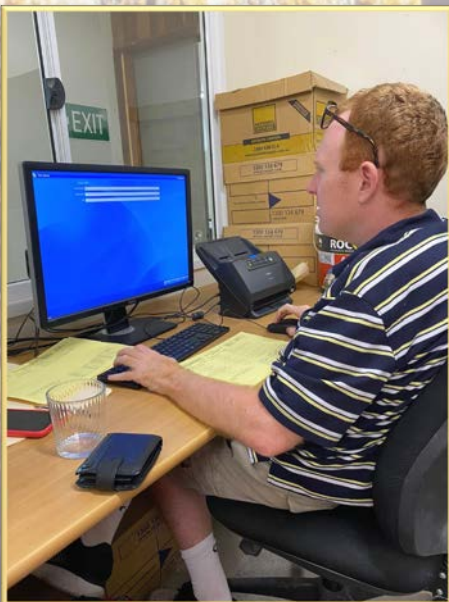

Words cannot express how proud I am of our team and how we all pulled together to provide continuity of service during the difficult times. And I am now so excited to see our participants thriving once more with the dedication of their support workers and mentors.

As we head towards the next General Election later this month, I am sure all of us are a bit nervous of what the outcome of that election looks like for the NDIS and its participants. All I can do is assure all of you, that the quality of life and the quality of supports for your loved ones will never drop from the exemplary levels I expect from myself and my amazing team.

I appreciate so much the love, support and assistance myself and Craig have received, we are blessed to be able to do what we love and to make a difference to the ones we support.

BRENDAN BACK AT WORK DOING WHAT HE LOVES.....

After a COVID disrupted couple of years, the amazing Brendan has returned to work at RockCote. The ability for participants to have a job and be a part of the workplace is a big part of what the NDIS is trying to achieve. Brendan is a very talented young man and the team at RockCote benefit greatly from having Brendan on board with them.

Well done Brendan, we are all so proud of you and what you have accomplished in the last couple of years with us.

KB INFINITY SUPPORT

OUT AND ABOUT WITH THE KB INFINITY PARTICIPANTS.....

Rarely does a day go by when our participants are not having fun, exercising or cooking up a storm. Here are just a few examples of the 'trouble' this lot get up to. Check out our Facebook page for almost daily updates from the lives of our participants.

WELCOME TO ASHLEIGH

A special shoutout to our newest participant, the lovely Ashleigh. Ashleigh has moved in with Brendan to complete their amazing SIL Home. Ashleigh is a fabulous young lady and we are so pleased to have her on board with KB Infinity and love how her and Brendan have immediately hit it off and enjoy living together.

KB INFINITY SUPPORT

STAFF PROFILE

This month's staff member feature is on the lovely Madi Rogers, an amazing Support Worker, but also sister to one of our most charismatic participants.....

Hi, my name is Madi Rogers. I am a 25 year old Disability Support Worker for KB Infinity. I was born and raised on the Sunshine Coast and can't imagine living anywhere else. I have just graduated from the University of the Sunshine Coast with a Bachelor of Social Science Psychology and am so excited to be able to utilise my degree within the disability sector. I'm currently thinking about continuing my studies sometime in the future in order to go down the avenue of Art Therapy, I've always had a very strong passion for art and think the benefits of art therapy are amazing so would love to contribute my passion and knowledge in that area.

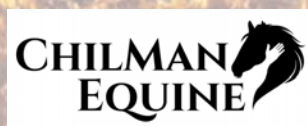

I have a lovely (but sometimes very annoying) partner of 6 years, Jack - who also works for KB Infinity - and 2 gorgeous dogs, Delilah and Luna, that always manage to be getting up to something shifty when they're together. Delilah is very well trained and loves to come visit the girls at the SIL houses we support. I have a beautiful 28 year old sister, Lucy, who has a mental disability called Kabuki Syndrome, she is the reason why I wanted to pursue a career in disability and why I am the person I am today. I don't have the words to describe the positive impact she has had on my life, so it's a no brainer to me to want to work in the disability field, who wouldn't want to be surrounded by the most loving and caring people this world has to offer?

I am extremely passionate about my work and try to create a space of support, compassion and joy for every person I encounter and being a part of KB Infinity has enabled me to do just that. I love goofing off with my participants and am always looking for a way to make everyone laugh till their sides hurt. I feel very lucky to be a part of the KB Infinity family and have never felt more supported by a company as an employee and have never enjoyed a job as much as I have this one.
